About You Can Home Medical

You Can Home Medical was founded in 1994; the Broadbent family acquired it in 2020 and quickly grew from 1 to 4 stores leading the industry in the front range. We are locally owned and operated. We believe in meeting the highest quality of care when dealing with our customer's health. Our Google reviews speak for themselves. You Can Home Medical has over **1,000 reviews with a 4.8-star rating**, we will do everything possible to bring wellness to your home.

If you're like most of our customers, you probably don't wake up wanting to come to a home medical supply store. We understand. Our team is committed to understanding your concerns, creating a custom solution, and getting you what you need so you can have the health and wellness you want. We are committed to respecting your time and providing the best product and service you deserve.

Why Choose Us

4.8 Google Rating

Our real customers experience speak for themselves. We lead in reviews among all home medical supply companies in the state of Colorado.

Largest Inventory in Colorado

Not only do we carry the highest quality products, we also have the largest inventory in stock. Also, if don't have what you need there is a good chance we can get it very quickly.

Real Relationships

We have a highly trained staff, we only hire people who love people. When you call you will speak to a real person, who understands your situation and is trained how to best serve you.

Easily Accessible

Not only are we all across the front range in convenient locations for ease and access. We are open Monday - Saturday with an extensive catalog online. You can text or call us anytime during business hours and receive a prompt response. Coming into our stores will give you peace of mind to touch and feel your products before purchase.

Requires Prescription

RENT
ME

DeVilbiss 5-Liter

PRICE: \$1,195.95

Product Highlights

- ✓ Designed with enhanced quality, durability and simplicity in mind
- ✓ Patented DeVilbiss Turn-Down Technology minimizes wear on internal components, reduces power consumption by 15% or more and extends the life of the concentrator
- ✓ Alarms Audible and visual high/low pressure, low flow, low oxygen, power fail, Oxygen Sensing Device
- ✓ Bright and easy to read LED display
- ✓ Recessed humidifier nook prevents damage

Product Code: 525DS

Item is available for **rent** or **purchase**. Reference page 16 of catalog for all product rental rates.

Specifications

Delivery Rate	0.5 to 5 LPM
Outlet Pressure	8.5 psig
Oxygen Percentage	1-5 LPM 87% - 96%
Power Consumption	310 Watt Average, 275 Watts @ 1.2 LPM and Below
Product Dimensions	24.5" (H) x 13.5" (W) x 12" (D)
Product Weight	36 lbs
Warranty	3 years

Inogen At Home Unit

PRICE: 2495.95

Product Code: GS-100

The Inogen At Home concentrator*, weighing in at approximately 18 pounds, is one of the lightest home oxygen concentrators available, often coming in at half the weight of other home concentrators in use today. Moreover, the Inogen At Home is quiet, letting you watch television or visit with friends with very little noise disturbance. The Inogen At Home is also extremely energy efficient. At a flow setting of 2, it uses just 100W of energy, the same as a standard 100W light bulb.

- ✓ Only 18 lbs
- ✓ Extremely Quiet
- ✓ Low Power Consumption

RENT ME

DeVilbiss 5 Liter

Designed to be 15% less noisy than other home units, DeVilbiss 5 Liter Home Oxygen Concentrator is a durable and efficient choice for oxygen patients!

Oxygen Tank System

**RENT UNIT
THROUGH INSURANCE**

iFill Unit

DeVilbiss iFill Personal Oxygen Station represents the latest in portable oxygen convenience, providing unmatched flexibility and ease of use. The iFill unit extracts purified oxygen from room air using standard oxygen concentrator technology.

It's a Filling Station: Functions as a "filling machine" only - iFill is a stand-alone filling station and is not to be used a home concentrator.

Home Fill Compressor

The HomeFill Compressor enables the patient to refill custom portable oxygen cylinders. This model is designed for Invacare Platinum 5, 10, XL and Perfecto HomeFill compatible oxygen concentrators.

The HomeFill Compressor is a multi-stage pump that safely compresses oxygen from a specially equipped Invacare 5-liter or 10-liter concentrator. Oxygen is pumped into Invacare ML4, ML6, M6 and M9 cylinders.

Item is available for **rent** or **purchase**. Reference page 16 of catalog for all product rental rates.

CPAP Machines

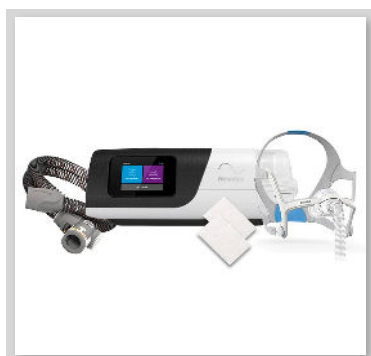

ResMed AirSense™ 11 AutoSet™

PRICE: \$950.00

Product Code: 39001

The new AirSense™ 11 from ResMed has everything that you have loved about previous models but with enhanced features and a sleek new look.

- ✓ Touch Screen Technology
- ✓ AutoSet™ Algorithm
- ✓ Expiratory Pressure Relief Delivers Enhanced Comfort
- ✓ SmartStart (Just breathe in and the AirSense™ 11 will automatically start.)
- ✓ myAir™ App offers Sleep Reports and Secure Data Transfer
- ✓ Free Coaching and Assistance Through Care Check-In Feature
- ✓ EPR (Expiratory Pressure Relief) - Reduces the pressure when you exhale.

BiPAP

ResMed AirSense™ 10

One of the most popular and widely used CPAP machines. Climate Line Tubing for heated air, along with water reservoir humidifier tub for an improved sleeping experience. AutoRamp and AutoAdjusting air pressure features allow you to fall asleep at lower air pressure levels and automatically ramp up to necessary airflow levels while sleeping.

PRICE: \$925.00

Product Code: 37382

AirCurve 10 V Auto

The AirCurve™ 10 V Auto is an auto-adjusting bi-level device that uses the comfort of both the AutoSet™ algorithm and Easy-Breathe waveform to treat obstructive sleep apnea (OSA) in patients who can benefit from greater pressure support. The device works by adjusting the baseline pressure to hold the airway open while maintaining a fixed pressure support.

PRICE: \$1,649.99

CPAP Sanitizers

Liviliti Paptizer UV Sanitizer

PRICE: \$299.95

Product Code: LIV-T5L

This UV CPAP cleaner device offers the fastest, easiest and safest solution to kill and remove all germs and bacteria from your CPAP machines, masks and accessories. However, it's not only limited to CPAP equipment either. You can practically sanitize any items that can fit into the chamber such as keys, wallets, watches etc.

This UV CPAP cleaner uses UVC light technology which is considered to be one of the safest disinfection options on the global market today, removing up to 99.9% of all bacteria, germs and viruses from handheld items..

NUWAVE CPAP Cleaning System

PRICE: \$249.95

Product Code: NUWSPT-NW-002

The NUWAVE CPAP Cleaning Systems kill 99.9% of all germs and bacteria that are found on your CPAP machine, mask, tubing and water reservoir. Sanitize your CPAP machine and equipment with ease, and even while traveling as it is lightweight and portable.

NUWAVE Travel
